

IKC PROMOTER

It is a new way to participate in IKC, like a representation in one's own country but "lighter".

The promoter can either collaborate with the representative of the country of origin, or organize events, affiliate athletes or promote new IKC initiatives to its independence.

However, there are differences with the representation, that is, the promoter can organize national amateur championships, but only if there is direct authorization from his own representative of origin or authorization by IKC HQ.

The promoter can organize Individual PRO / AMATEUR National Events.

For International PRO/AMATEUR Titles events/Prestige Fights, he must ask for written authorization only from the IKC HQ (President or secretary).

The promoter can write a list of athletes who can participate in the competitions but cannot make the national rank except in collaboration with the representation of their country.

There will also be special prices for promoters: from affiliations to international belts.

TO JOIN AS IKC PROMOTER:

- YOU HAVE TO AFFILIATE AT LEAST 5 NEW IKC MEMBERS (INSTRUCTORS, REFEREE, ATHLETES)**
- ORGANIZE OR PROMOTE AT LEAST 1 IKC EVENT PER YEAR**

Every deserving promoter will receive honors from IKC and eventual promotions.

Each new promoter will receive a digital certificate with the reference code and a letter of appointment.

The duration of the promoter is valid for one year and to renew it is necessary to send an email or contact us on social networks (Whatsapp, FB, Instagram).
